Financial Assistance Available!

NEEDS BASED SCHOLARSHIPS FOR TUITION AND/OR TRANSPORTATION ARE AVAILABLE. PLEASE CHECK OUR WEBSITE FOR MORE INFORMATION!

UWC ISAK Japan's Summer School is an exciting opportunity for bright, curious, motivated middle schoolers from a diverse range of cultures and socio-economic backgrounds. Experience what many students say is a "life-changing experience" on our beautiful campus in Karuizawa, Japan!

UWC ISAK JAPAN

WHAT YOU WILL LEARN

Summer School focuses on leadership, enabling students to become aware of themselves and others, to identify and solve problems individually and with a team, and to gain the inner strength necessary to overcome various real-world challenges. Students become more globally-minded as they develop the skills and confidence needed to become change-makers who can make a positive impact for the greater good.

"I think Summer School gave me the chance to think about what I want in an education. Having almost felt like I actually attended ISAK with this camp, I now know that this more practical, engaging, and generally more free-reigned way of learning where the students have to think for themselves is what I truly enjoy."

MAY (Japan / 2021)

"As a parent, I am incredibly pleased with the UWC ISAK Summer School experience. It provided my child with a unique opportunity to learn, grow, and connect with peers from around the world. The program was well-structured, with a balance of academic challenges, personal development, and cultural exchange.."

PARENT (2024)

HOW TO APPLY

Online applications open between January and March each year. Students aged 13 or 14 during Summer School are eligible to apply. Sign up to our newsletter to be alerted when applications open!
